

1 This matter has come before the Court to determine whether there is any cause why this  
2 Court should not approve the combined class, *parens patriae*, and governmental entity settlements  
3 between, on the one hand, the Indirect Purchaser Plaintiffs (“IPPs”) and the States of Arkansas,  
4 California, Florida, Michigan, Missouri, New York, West Virginia, and Wisconsin (“Settling  
5 States”) (collectively, the “Settling Plaintiffs”), and, on the other hand, the Chimei, Chunghwa,  
6 Epson, HannStar, Hitachi, Samsung, and Sharp Defendants (collectively, the “Settling  
7 Defendants”), set forth in the Settlement Agreements (“Agreements”) filed with this Court  
8 December 23, 2011 (Dkt. 4424), relating to the above-captioned litigation. The Court, after  
9 carefully considering all papers filed and proceedings held herein and otherwise being fully  
10 informed in the premises, has determined (1) that the settlements should be approved; and (2) that  
11 there is no just reason for delay of the entry of this final judgment approving the Agreements.  
12 Accordingly, the Court directs entry of Judgment which shall constitute a final adjudication of this  
13 case on the merits as to the parties to the Agreements. Good cause appearing therefore, it is:

14 **ORDERED, ADJUDGED, AND DECREED THAT:**

15 1. The capitalized terms used in this Order have the meaning ascribed to them in the  
16 Agreements.

17 2. The Court has jurisdiction over the subject matter of this litigation, and all actions  
18 within this litigation and over the parties to the Agreement, including all members of the IPP  
19 Classes, the Settling Plaintiffs, and the Settling Defendants, and any person or entity claiming by,  
20 for, or through the Settling Parties as regards the Released Claims.

21 3. The definitions of terms set forth in the Agreements are incorporated hereby as  
22 though fully set forth in this Judgment.

23 4. The Court hereby finally approves and confirms the settlements set forth in the  
24 Agreements and finds that said settlements are, in all respects, fair, reasonable, and adequate to the  
25 IPP Classes pursuant to Rule 23 of the Federal Rules of Civil Procedure and all applicable state  
26 laws.

1           5. Pursuant to Rule 23 of the Federal Rules of Civil Procedure, and for purposes of  
2 settlement only, the Court hereby certifies the following settlement class (the “Arkansas  
3 Settlement Class”):

4  
5                   All persons and entities in Arkansas who, from January 1,  
6                   1999 to December 31, 2006, as residents of Arkansas,  
7                   purchased TFT-LCD Panels incorporated in televisions,  
8                   monitors, and/or laptop computers in Arkansas indirectly  
9                   from one or more of the named Defendants or Quanta  
10                  Display, Inc., for their own use and not for resale.  
11                  Specifically excluded from the Class are defendants; the  
12                  officers, directors, or employees of any defendant in the  
13                  Actions; the parent companies and subsidiaries of any  
14                  defendant; the legal representatives and heirs or assigns of  
15                  any defendant; and their named affiliates and coconspirators.  
16                  Also excluded are any federal, state or local governmental  
17                  entities, any judicial officer presiding over this action and the  
18                  members of his/her immediate family and judicial staff, and  
19                  any juror assigned to this Action.

20           6. Pursuant to Federal Rule of Civil Procedure 23(g), Class Counsel, previously  
21 appointed by the Court (Zelle Hofmann Voelbel & Mason LLP and Alioto Law Firm), are  
22 appointed as Counsel for the IPP Classes. These firms have, and will, fairly and competently  
23 represent the interests of the IPP Classes.

24           7. The persons/entities identified in the Indirect-Purchaser Plaintiffs’ and Settling  
25 States’ Notice of Exclusions (Dkt. # 5579, filed May 2, 2012) have timely and validly requested  
26 exclusion from the IPP Classes and, therefore, are excluded. Such persons/entities are not  
27 included in or bound by this Final Judgment. Such persons/entities are not entitled to any recovery  
28 from the settlement proceeds obtained through these settlements.

          8. The Court hereby dismisses on the merits and with prejudice the individual, *parens*  
*patriae*, governmental entity, and class claims asserted by the Settling Plaintiffs against the  
Settling Defendants, with Settling Plaintiffs and Settling Defendants to bear their own costs and  
attorneys’ fees except as provided for in the Agreements. The foregoing language does not apply  
to the related action entitled *People of the State of California et al. v. AU Optronics et al.*, San  
Francisco Superior Court Case No. CGC-10-504651 (“the California State Court Action”). The  
California State Court Action is to be dismissed with prejudice in due course as to the Settling

1 Defendants in compliance with the Agreements, and this Court will if necessary confer with the  
2 Honorable Richard A. Kramer to coordinate such dismissals.

3 9. As to each Agreement, all persons and entities who are defined as Releasors, and  
4 any person or entity acting or purporting to act on behalf of one or more Releasors, are hereby  
5 barred and enjoined from commencing, prosecuting, or continuing, either directly or indirectly,  
6 against the persons or entities who are defined as Releasees, in this or any jurisdiction, any and all  
7 claims, causes of action or lawsuits, which they had, have, or in the future may have, arising out of  
8 or related in any way to any of the Released Claims as defined in the Agreement. This permanent  
9 bar and injunction is necessary to protect and effectuate the Agreements, this Final Judgment, and  
10 this Court's authority to effectuate the Agreements, and is ordered in aid of this Court's  
11 jurisdiction and to protect its judgments.

12 10. As to each Agreement, the Releasees are hereby and forever released and  
13 discharged with respect to any and all claims or causes of action which the Releasors had or have  
14 arising out of or related in any way to any of the Released Claims as defined in the Agreement.

15 11. The Court approves the releases set forth in the Agreements. The scope of the  
16 releases in the settlements does not include the following: (i) the release of any claims for  
17 monetary relief brought by individuals who are not members of an IPP Damages Class or residents  
18 of a Settling State; and (ii) the release of proprietary state claims brought by any state other than a  
19 Settling State, whether for damages, injunctive relief, or other equitable relief, including *parens*  
20 *patriae* claims or claims for unjust enrichment or disgorgement of profits. Notwithstanding the  
21 foregoing, no state may bring claims for monetary relief on behalf of its citizens, whether in  
22 *parens patriae* or otherwise, to the extent that its citizens released their claims for monetary relief  
23 as members of an IPP Damages Class, and neither this Order nor this Court's preliminary approval  
24 order (Dkt. # 4688) should be construed as providing otherwise.

25 12. The Court finds that the notice given to the IPP Classes of the settlements set forth  
26 in the Agreements and the other matters set forth herein was the best notice practicable under the  
27 circumstances. The Court further finds that said notice provided due, adequate, and sufficient  
28

1 notice of these proceedings and of the matters set forth herein, including the proposed settlements  
2 set forth in the Agreements, and that said notice fully satisfied the requirements of due process, the  
3 Federal Rules of Civil Procedure, and all applicable state laws.

4 13. The Court finds that the Settling Defendants have served upon the appropriate State  
5 official of each State in which a class member resides, and the appropriate Federal official, a  
6 notice of proposed settlement that complies with the requirements of the Class Action Fairness  
7 Act, 28 U.S.C. §§ 1711-15.

8 14. Approximately 18 objections, from a total of 28 objectors, to the Proposed  
9 Settlements were received. The Court has carefully reviewed and considered each objection, and  
10 concludes that none of the objections raises any grounds to deny final approval to the Proposed  
11 Settlements, and accordingly the Court hereby OVERRULES each of the objections.

12 15. Without affecting the finality of this Judgment in any way, this Court hereby retains  
13 continuing and exclusive jurisdiction over: (a) implementation of these settlements and any  
14 distribution to class members pursuant to further orders of this Court; (b) disposition of the  
15 Settlement Funds as defined in each Agreement; (c) hearing and determining applications by the  
16 Indirect Purchaser Plaintiffs (*i.e.*, class representatives) for representative plaintiff incentive  
17 awards, attorneys' fees, costs, expenses, including expert fees and costs, and interest; (d) hearing  
18 and determining applications by the States Attorneys General for attorneys fees, costs, expenses,  
19 including expert fees and costs, and interest; (e) Settling Defendants until the Final Judgment  
20 contemplated hereby has become effective and each and every act agreed to be performed by the  
21 parties has been performed pursuant to the Agreements; (f) hearing and ruling on any matters  
22 relating to the plan of allocation of settlement proceeds; and (g) all parties and Releasors for the  
23 purpose of enforcing and administering the Agreements and Exhibits thereto and the mutual  
24 releases and other documents contemplated by, or executed in connection with, the Agreements.

25 16. In the event that a settlement does not become effective in accordance with the  
26 terms of the relevant Agreement, then the judgment shall be rendered null and void and shall be  
27 vacated as to that Agreement, and in such event, all orders entered and releases delivered in  
28

1 connection herewith shall be null and void and the parties to that Agreement shall be returned to  
2 their respective positions *ex ante*.

3 17. The Court finds, pursuant to Rules 54(a) and (b) of the Federal Rules of Civil  
4 Procedure, that this Final Judgment should be entered and further finds that there is no just reason  
5 for delay in the entry of this Final Judgment, as a Final Judgment, as to the parties to the  
6 Agreements. Accordingly, the Clerk is hereby directed to enter the Judgment of dismissal with  
7 prejudice as to Settling Defendants, forthwith.
